22nd February 2024

REMINDER: Important information regarding your GP surgery

Dear sir / madam,

As a follow-up to our letter to you dated 5 January 2024, we are writing to remind you that Farrier House Surgery will be closing on Friday, 1 March 2024 and that you will need to register with another GP practice close to where you live.

If you have not registered with an alternative GP surgery before Friday, 1 March 2024, you will no longer have a designated GP practice. This may impact how you receive care when you need it.

We urge you to register as soon as possible, especially if you are on medication and/or have a long-term health condition. This letter is only sent to 'head of household' – please also re-register any children you may have that are currently with Farrier House Surgery.

All nine practices in Worcester City are welcoming a share of Farrier House patients onto their lists. Please ensure you have enough medication to last until you have been called for a new patient check by your new practice – this may take a couple of weeks.

These practices are listed on the back of this letter. It is easy to register through the registration links provided. Alternatively, you can visit Farrier House Practice before Friday 1 March 2024 and they can help you to complete a registration form that you can take to your new practice in person. Once you have registered with your new practice, your patient records will transfer automatically shortly after.

If you are currently receiving treatment at a hospital, please tell them when you change your GP practice. This will ensure that letters are sent to your new practice in the future.

We apologise for any inconvenience caused. We would like to reassure you that no one will be left without a GP practice as a result of these changes.

If you have re-registered in the last week, please disregard this letter.

Yours sincerely,

Claire Goodall
CEO
SW Healthcare

Dr. Laura Samuel
Clinical Director
Worcester City PCN

Lynda Dando
Director of Primary Care Transformation
NHS Herefordshire & Worcestershire

What you need to do before Friday 1st March 2024:

- Decide which GP practice you would like to register with.
- Complete the online registration or visit the practice to pick up a registration form.

Practices in Worcester are listed below. A map showing your nearest practice accepting registrations, as well as a range of other information and answers to Frequently Asked Questions, can be found on our website at www.farrierhousesurgery.co.uk/closure.

You may be able to register with practices not listed here, depending on where you live. You can see all GP practices in and outside Worcester at www.nhs.uk/service-search/find-a-gp - where also find information on how to register if you don't have a fixed address, or if you are a temporary resident away from home or visiting from outside the UK.
